Low heat generation
contributes to higher output
of EV chargers

G9KC
40A, 4-pole PCB Power Relay

OMRON

The G9KC relay addresses heat generation issues in high-power EV wallboxes by featuring a 4-pole

Socket Mobile

The SocketScan S320 is a compact, countertop QR code payment reader, compatible with both iOS and

structure and low contact resistance, which helps maintain efficient charging and prolongs component life.
